Who we are

The Collins Bay Horticultural Society was incepted in 1954, making this our 64rd year.

What we do

Our monthly meetings bring in speakers to talk about all things horticulture and share in each others' garden stories.
We have two flower and plant shows each year (June & Sept.).
We hold a plant sale for the public in May which generates the majority of our yearly fundraising.
We also volunteer our time to maintain local gardens, which include:

The Eastern gate of Loyalist Parkway by Fairfield Park

Park at Front Rd. and Bayridge Dr.

Please Support the following local garden centres who offer our members a 10% discount off of live goods. (Show your card before ringing through cash register) Some may only accept cash or debit as credit costs them more.
